Fall in the Neighborhood

Fall is here, bringing cooler evenings and shorter days. As we settle into the season, here are a few things to keep in mind:

- Rake and bag leaves to keep sidewalks clear and prevent drains from clogging.
- Trim trees and shrubs so they don't block sidewalks or streetlights.
- Clean gutters and winterize sprinklers before the first freeze sneaks up on us.

With less daylight, please slow down on our streets, keep an eye out for kids playing, and turn on porch lights in the evening. Pumpkins, wreaths, and fall decorations add warmth — we'd love to see the neighborhood festive this season!

 **October is Fire Awareness Month.** It's a great time to check your smoke detectors, carbon monoxide alarms, and fireplaces before we all start cozying up indoors. A few small steps can make a big difference in keeping our homes and neighbors safe.
